Sub- One day Workshop on ' On Line' Training Platform for Training Institutes

IRIMEE has been successfully conducting On Line Courses on Moodle platform since March 2020 which have proved extremely popular. The user interface for this course is through Open Source Learning Platform Moodle.org with integrated conferencing facility for live classes on BigBlueButton web conferencing platform. The courses consist of live classes, quiz and assignments for the participants and contains features which are more advanced than normal conferencing tools such as Webex and Zoom

2. Based on the experienced gained by IRIMEE , some training institutes and STCs have made enquiries to acquaint themselves with features of digital e- learning platforms and resources required for the same. In view of considerable interest on the subject which can help training institutes in zonal Railways migrate to e learning platforms, IRIMEE will be organizing one day Basic Workshop which will be of immediate interest to all STCs and Zonal Training schools attached with Divisions, C&W depots, EMU/ DMU sheds and Loco sheds as well as some of the CTIs as shown below-

S N	Course code	Course Name	date & Time	Participants
